

# PROCELL

## 16 JAN 2026

## 9AM - 4PM

# SYMPOSIUM

This international symposium is dedicated to **Programming Cellular Processes with Light**. Invited speakers will share their expertise through lectures and interactive workshops. Join us to explore how light is shaping the future of the life sciences!

Keynote talk:

**MATIAS ZURBRIGGEN**

Heinrich Heine University  
Düsseldorf

**WILFRIED WEBER**

Leibniz Institute for  
New Materials

**MARINA MIKHAYLOVA**

Humboldt-Universität  
zu Berlin

**IVA LUČIĆ**

Humboldt-Universität  
zu Berlin

BIMSB

Large Conference Room  
Hannoversche Str. 28  
10115 Berlin

Organizers:

Andrew Plested (HU-Berlin)  
and Helge Ewers (FU-Berlin)

**SERAPHINE WEGNER**

University of Münster

**VALENTIN NÄGERL**

University Medicine  
Göttingen

**ANDREAS MÖGLICH**

University of Bayreuth

**JOHANNES VIEROCK**

Charité - Berlin University  
Medicine
